## Question 1

---

**Question Type:** MultipleChoice

---

pPUE (Partial PUE) is an extension of the data center PUE, used to evaluate and analyzing the energy efficiency of a data center's local area or equipment.

**Options:**

---

A- TRUE

B- FALSE

**Answer:**

---

A

## Question 2

---

**Question Type:** MultipleChoice

---

In air conditioning systems, the role of the oil separator is to separate the lubricant from the compressor discharge and return the separated lubricant to the compressor.

**Options:**

---

**A-** TRUE

**B-** FALSE

**Answer:**

---

A

## Question 3

---

**Question Type:** MultipleChoice

---

In air-conditioning systems, the role of ( ) is to cool the high-temperature and high-pressure gas discharged from the compressor by using water-cooled or air-cooled to release heat to the outside world.

**Options:**

---

- A- Evaporator
- B- Condenser
- C- compressor
- D- Expansion valve

**Answer:**

---

B

## Question 4

---

**Question Type:** MultipleChoice

---

For the same MCB circuit breaker, the rated ultimate short-circuit breaking capacity  $I_{cu}$  is generally less than the rated operating short-circuits breaking capacity  $I_{cs}$ .

**Options:**

---

- A- TRUE
- B- FALSE

**Answer:**

---

B

## Question 5

---

**Question Type:** MultipleChoice

---

CLF (Cooling Load Factor) is defined as the ratio of the data center cooling equipment power consumption and IT equipment power consumption.

**Options:**

---

A- TRUE

B- FALSE

**Answer:**

---

A

## Question 6

---

**Question Type: MultipleChoice**

---

The function of the wind system is to properly organize the flow of indoor air so that the temperature, humidity and cleanliness of the air in the indoor work area can better meet the technical requirements and human comfort requirements.

**Options:**

---

**A-** TRUE

**B-** FALSE

**Answer:**

---

A

## Question 7

---

**Question Type: MultipleChoice**

---

What throttle devices does Huawei air-cooled precision air conditioning use? (Multiple choice)

**Options:**

---

- A- Solenoid valve
- B- Thermal expansion valve
- C- Electronic expansion valve
- D- Orifice

**Answer:**

---

B, C

## Question 8

---

**Question Type: MultipleChoice**

---

The following air conditioning, which is comfort air conditioning?

**Options:**

---

- A- room dedicated air conditioning

**B-** Clean air conditioning

**C-** Commercial air conditioners

**D-** Medical air conditioning

**Answer:**

---

C
