Question 8

Question Type: MultipleChoice

SIMULATION

You are a functional consultant for a company named Contoso Entertainment System USA (USMF).

You need to regenerate a master plan named DynPlan for item number D0023.

To complete this task, sign in to Dynamics 365 portal.

Options:

A) You specify the planning method in the Master planning run dialog box. To open this dialog box, go to Master planning > Master planning > Run > Master planning, or select Run in the Master planning workspace.

Regeneration

The regeneration planning method deletes existing planned orders, unless they are firmed. It generates new planned orders, based on all the requirements. Regeneration is the only planning method that is available for static plans.

- * Changes in supply are considered. These changes include changes in the forecast.
- * This method respects the Period coverage code.
- * This method supports product substitution functionality (PI).

Select DynPlan in the Master Plan field.

Select Regeneration in the Planning Method field.

Enter D0023 in the Item Number field.

B) You specify the planning method in the Master planning run dialog box. To open this dialog box, go to Master planning > Master planning > Run > Master planning, or select Run in the Master planning workspace.

Regeneration

The regeneration planning method deletes existing planned orders, unless they are firmed. It generates new planned orders, based on all the requirements. Regeneration is the only planning method that is available for static plans.

- * Changes in supply are considered. These changes include changes in the forecast.
- * This method respects the Period coverage code.
- * This method supports product substitution functionality (PI).

Enter D0023 in the Item Number field.

Answer:

A
