Answer 5710,10,535T

**Answer:**

---

## Question 2

---

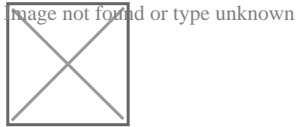

**Question Type: Hotspot**

---

A solution integrator is installing new equipment to the rack.

Click the recommended location for HPE R/T3000 Extended Runtime Module.

Hot Area:

Answer is below rack 1 to 2 U UPS

**Answer:**

---

## Question 3

---

**Question Type: DragDrop**

---

A customer needs a new VMware environment for a critical stock trading application and will need high performance compute and low latency storage.

Identify the correct component configurations on the left and drag them to the answer area on the right. (Choose two.)

ANS - Xeon-platinum , af20

**Answer:**

---

## Question 4

---

**Question Type: MultipleChoice**

---

A customer has two HPE ProLiant Gen10 servers. They both require firmware installation.

Which HPE tool should you recommend for performing this task?

### Options:

---

- A) OneView Advanced
- B) iLO Amplifier Pack
- C) Smart Update Manager
- D) OneView Standard

### Answer:

---

C

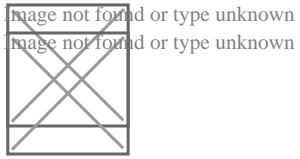

## Question 5

---

**Question Type: DragDrop**

---

Given the solution shown in the exhibit, which adapter is required in the server to facilitate connective in Block 1

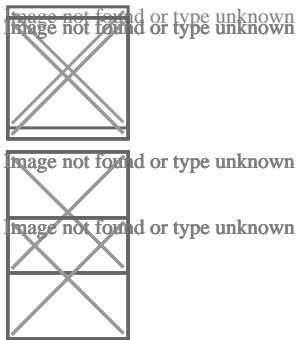

## Question 6

---

**Question Type: DragDrop**

---

Match the feature to the lowest iLO5 license in which it is available

Last - last

3-2

1-1

**Answer:**

---

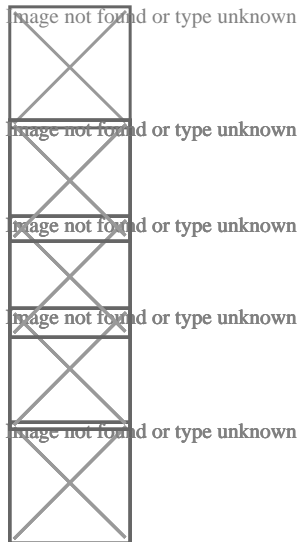

## Question 7

---

**Question Type:** DragDrop

---

Match each ProLiant solution to its ideal use case

4 , 3 , 2 , 1

**Answer:**

---

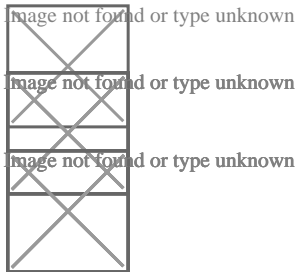

## Question 8

---

**Question Type: DragDrop**

---

Match the storage technology to the storage type.

BLOCK = iSCSi

File = CIFS

BLOCK = SAN

File = NFS

**Answer:**

---

## Question 9

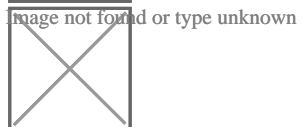

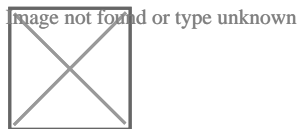

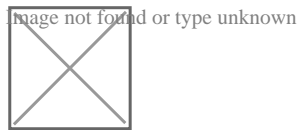

---

**Question Type: DragDrop**

---

A customer is expanding from local storage to a SAN environment for the first time. They plan to future proof their environment with a 16 Gb Fibre Channel. They also want to allow for future I/O expansion with new servers.

Identify the correct server and storage to meet the customer requirements.

HPE Proliant DL380 Gen10

Server model --

Storage model -- HPE MSA 2040

Answer:

---

## Question 10

---

Question Type: DragDrop

---

Match each workload profile description with the corresponding profile. (Select all that apply.)
