### Answer:

---

A, C

## Question 4

---

Question Type: MultipleChoice

---

VLAN L3 Gateway is used to implement different V?The three-layer logical interface of ANW virtual network communication is?

### Options:

---

- A- VBDIF interface

**B-** Layer 2 sub-interface

**C-** VLANIF interface

**D-** NVE interface

**Answer:**

---

A

## Question 5

---

**Question Type:** MultipleChoice

---

In order to enable the VPN instance to advertise IP routes to the BGP-EVPN address family, what command needs to be enabled in the BGP view

**Options:**

---

**A-** advertise vpnv4

**B-** to advertise irb

**C-** advertise 12vpn vpn

**D-** advertise irbv6

**Answer:**

---

B

## Question 6

---

**Question Type: MultipleChoice**

---

A medium-sized campus network manages the network through the SNMP protocol. The campus has high network security. Which version of SMMP is recommended for management?

**Options:**

---

**A-** SNMPV1

**B-** SNMPV2C

**C-** SNMPV3

**D-** All versions can be implemented

**Answer:**

---

C
