Question 1

Question Type: MultipleChoice

The intermodulation interference of the system is usually mainly caused by second-order and third-order intermodulation, and the frequency of the second-order intermodulation product is F=2f1f2 or 2f2f1.

Options:

A- True
B- False

Answer:

B

Question 2

Question Type: MultipleChoice

Which of the following functions is used for inter-cell interference coordination?

Options:

A- ANR
B- ICIC
C- BF
D- AMR

Answer:

B

Question 3

Question Type: MultipleChoice

Which of the following information can be directly observed through the Probe drive test tool?

(multiple choice)

Options:

A- PUSCH, PUCCH, RACH and SRS physical channel transmit power.
B- TM mode
C- Number of occupied carriers
D- UE real-time transmit power

Answer:

A, B, C

P2P exams

Question 4

Question Type: MultipleChoice

The insertion loss of the cavity power divider is larger than that of the microstrip power divider.

Options:

A- True
B- False

Answer:

B

P2P exams

Question 5

Question Type: MultipleChoice

If the cell radius is 90 kilometers, which of the following should be used for the PRACH preamble format?

Options:

A- Format 1
B- Format 2

C- Format 3
D- Format 4

Answer:

C

Question 6

Question Type: MultipleChoice

What are the following reasons that may cause Intra-LTE to fail to handover or fail to handover? (multiple choice)

Options:

A- interference
B- T301 timer configuration time is unreasonable
C- The coverage is too poor, and the eNB cannot correctly demodulate the measurement report reported by the UE
D- Neighbor Missing

Answer:

A, C, D

Question 7

Question Type: MultipleChoice

The intermodulation interference of the system is usually mainly caused by second-order and third-order intermodulation, and the frequency of the second-order intermodulation product is F=2f1f2 or 2f2f1.

Options:

A- True
B- False

Answer:

B

Question 8

Question Type: MultipleChoice

During the X2 handover in the LTE system, if re-establishment occurs, which cells may be re-established? (Multiple choice)

P2P exams

Options:

A- Source area
B- ItemTarget area
C- Third-party community
D- Other cells in the source base station

Answer:

A, B, D

P2P exams
