P2P
exams

Answer:

E

Question 2

Question Type: MultipleChoice

What is true regarding the file ~/.forward?

Options:

- A- As it is owned by the MTA and not writable by the user, it must be edited using the editaliases command.
- B- After editing ~/.forward the user must run newaliases to make the mail server aware of the changes.
- C- Using ~/.forward, root may configure any email address whereas all other users may configure only their own addresses.
- D- When configured correctly, ~/.forward can be used to forward each incoming mail to more than one other recipient.

P2P
exams

Answer:

D
