Answer:

B

## Question 4

---

Question Type: MultipleChoice

---

Is this a multifactor type that an Okta Administrator should configure for an end user who does NOT have access to a mobile device?

Solution: Okta Verify

Options:

A- Yes

B- No

Answer:

B

## Question 5

---

Question Type: MultipleChoice

---

Is this an example of an Okta P1 level support ticket Issue?

Solution: The Okta service is down and NOT accessible to end users.

Options:

---

A- Yes

B- No

Answer:

---

A

Explanation:

---

- Service is down and not accessible by users. - Service is slowed to such a degree that multiple users cannot log in, resulting in consistent "page not found errors" or similar. -Users cannot access an important business application like email, payroll, financial reporting, etc.

Answer:

B

## Question 12

---

Question Type: MultipleChoice

---

Is this one of the default base attributes in the Okta user profile that can be marked as required or optional for Okta mastered users?

Solution: firstName

Options:

A- Yes

B- No

Answer:

B

Explanation:

Okta has defined 31 default base attributes for all users in an org. These base attributes are generally fixed and cannot be modified or removed. There are two exceptions: First Name and Last Name. These two attributes can be marked as required or optional for Okta and Active Directory (AD)-mastered users. The default setting for new AD instances is that first and last name are

required.
