Question 1

What is the best way to comply with legislation and regulations for personal data protection?

Options:

A- Performing a threat analysis

B- Maintaining an incident register

C- Performing a vulnerability analysis

D- Appointing the responsibility to someone

Answer:

D

Question 2

You are a consultant and are regularly hired by the Ministry of Defense to perform analysis. Since the assignments are irregular, you outsource the administration of your business to temporary workers. You don't want the temporary workers to have access to your reports.

Which reliability aspect of the information in your reports must you protect?

Options:

A- Availability

B- Integrity

C- Confidentiality

Answer:

C

Question 3

Question Type: **MultipleChoice**

Why is compliance important for the reliability of the information?

A- Compliance is another word for reliability. So, if a company indicates that it is compliant, it means that the information is managed properly.

B- By meeting the legislative requirements and the regulations of both the government and internal management, an organization shows that it manages its information in a sound manner.

C- When an organization employs a standard such as the ISO/IEC 27002 and uses it everywhere, it is compliant and therefore it guarantees the reliability of its information.

D- When an organization is compliant, it meets the requirements of privacy legislation and, in doing so, protects the reliability of its information.

Answer:

B

Question 4

Question Type: **MultipleChoice**

A non-human threat for computer systems is a flood. In which situation is a flood always a relevant threat?

Options:

A- If the risk analysis has not been carried out.

B- When computer systems are kept in a cellar below ground level.

C- When the computer systems are not insured.

D- When the organization is located near a river.

Answer:

B

Question 5

Question Type: **MultipleChoice**

What is the most important reason for applying the segregation of duties?

Options:

A- Segregation of duties makes it clear who is responsible for what.

B- Segregation of duties ensures that, when a person is absent, it can be investigated whether he or she has been committing fraud.

C- Tasks and responsibilities must be separated in order to minimize the opportunities for business assets to be misused or changed, whether the change be unauthorized or unintentional.

D- Segregation of duties makes it easier for a person who is ready with his or her part of the work to take time off or to take over the work of another person.

Answer:

C

Question 6

Question Type: MultipleChoice

One of the ways Internet of Things (IoT) devices can communicate with each other (or 'the outside world') is using a so-called short-range radio protocol. Which kind of short-range radio protocol makes it possible to use your phone as a credit card?

Options:

A- Near Field Communication (NFC)

B- Bluetooth

C- Radio Frequency Identification (RFID)

D- The 4G protocol

Answer:

A

Question 7

Question Type: MultipleChoice

What are the data protection principles set out in the GDPR?

Options:

A- Purpose limitation, proportionality, availability, data minimisation

B- Purpose limitation, proportionality, data minimisation, transparency

C- Target group, proportionality, transparency, data minimisation

D- Purpose limitation, pudicity, transparency, data minimisation

Answer:

B

Question 8

Question Type: **MultipleChoice**

Which of these reliability aspects is "completeness" a part of?

Options:

A- Availability

B- Exclusivity

C- Integrity

D- Confidentiality

Answer:

C
