# Question 1

---

## Question Type: MultipleChoice

---

In the business scenario "Intercompany Project Time and Expenses" you want a consultant from the selling company to record travel expenses.

In the buying company, you have already created a purchase order (PO) for the consultant in project "P". The system automatically creates a sales order (SO) and an intercompany project "IP" in the selling company. To enable travel expense recordings for the consultant, what is your next step?

### Options:

---

- A- In the SO, create an item of type 'Expense - time and material (project)' that is linked to the intercompany project 'IP'.
- B- In the PO, create a limit item that is account-assigned to the intercompany project 'IP'.
- C- In the PO, create a limit item that is account-assigned to a task in project 'P'.
- D- In the PO, create a service item with an expense product that is account-assigned to a task in project 'P'.

### Answer:

---

D
