Answer:

C

Question 7

Question Type: MultipleChoice

Why is desirability the starting point when it comes to a successful idea?

Note: There are 1 correct answers to this question.

Options:

A- As a design thinker, the problems you are trying to solve are rarely your own-they are those of a particular group of people; in order to design for them, you must gain empathy for who they are and what is important to them.

B- Because its not about building a new product and service and then searching for customers. It's about going to the customers first, determining their needs, and then creating something to meet their needs.

Answer:

B
