## Question 1

---

Question Type: MultipleChoice

---

In which of the following ADM Phases do building blocks become implementation-specific?

Options:

- A- Phase A
- B- Phase B
- C- Phase C
- D- Phase D
- E- Phase E

Answer:

E

---

## Question 2

---

Question Type: MultipleChoice

---

According to TOGAF, in which sequence should Application Architecture and Data Architecture be developed in Phase C?

Options:

- A- Application Architecture should be developed first, then Data Architecture
- B- Application Architecture should be developed concurrently with Data Architecture
- C- Data Architecture should be developed first, then Application Architecture
- D- Application Architecture and Data Architecture may be developed in either sequence

Answer:

D

---

## Question 3

---

Question Type: MultipleChoice

---

Complete the sentence. All of the following describe a purpose of an Architecture Compliance review, except \_\_\_\_\_.

Options:

- A- determining the technical readiness of a project
- B- ensuring the application of best practices
- C- identifying business transformation risks for an architecture project
- D- identifying errors in an architecture project
- E- identifying where architecture standards require modification

Answer:

C

## Question 4

Question Type: MultipleChoice

In which ADM phase is the Implementation and Migration Plan coordinated with other frameworks?

Options:

- A- Phase A
- B- Phase E
- C- Phase F
- D- Phase G
- E- Phase H

Answer:

C

## Question 5

Question Type: MultipleChoice

Complete the sentence. TOGAF defines five criteria for a good set of principles: Understandable, Robust, Complete, Consistent and\_\_\_\_\_.

Options:

---

- A- Agile
- B- Dynamic
- C- Comprehensive
- D- Rational
- E- Stable

Answer:

---

E

## Question 6

---

Question Type: MultipleChoice

---

Complete the sentence. The Business Transformation Readiness Assessment technique is primarily focused on \_\_\_

Options:

---

- A- determining if the organization is ready to accept change
- B- planning the migration steps needed to achieve the transformation
- C- ensuring that there are adequate trained developers and engineers to implement the solution
- D- ensuring that there is sufficient financial capacity to execute the desired transformation
- E- determining if there is adequate stakeholder support for the implementation process

Answer:

---

A

## Question 7

---

Question Type: MultipleChoice

---

Which one of the following is an objective of the Preliminary Phase of the ADM?

Options:

---

- A- To define the Baseline Architecture for this cycle of the ADM
- B- To define the application systems for the Target Architecture
- C- To define the framework and methodologies to be used
- D- To define the relevant stakeholders and their concerns
- E- To define and prioritise work packages

Answer:

---

C

## Question 8

---

Question Type: MultipleChoice

---

Which phase of the ADM is an on-going activity that is visited throughout a TOGAF architecture project?

Options:

---

- A- Architecture Change Management
- B- Implementation governance
- C- Migration planning
- D- Preliminary Phase
- E- Requirements Management

Answer:

---

E

## Question 9

---

Question Type: MultipleChoice

---

TOGAF uses a version numbering convention to illustrate the evolution of the Baseline and Target Architecture Definitions. Which version number in this convention indicates a high-level outline of the architecture?

Options:

---

- A- Version 1.0

- B- Version 0.9
- C- Version 0.5
- D- Version 1.5
- E- Version 0.1

Answer:

E

## Question 10

Question Type: MultipleChoice

Which of the following describes the Phase H classification for an Incremental change?

Options:

- A- A change driven by a requirement to derive additional value from the existing investment
- B- A change driven by a requirement to increase investment in order to create new value for exploitation
- C- A change driven by a requirement to reduce investment
- D- A change driven by a requirement to re-align with the business strategy

Answer:

A

## Question 11

Question Type: MultipleChoice

Which one of the following provides a foundation for making architecture and planning decisions, framing policies, procedures, and standards, and supporting resolution of contradictory situations?

Options:

- A- Architecture principles
- B- Buy lists
- C- Procurement policies

- D- Requirements
- E- Stakeholder concerns

Answer:

---

A
